

Material Safety Data Sheet

1 - Chemical Product and Company Identification:

Product Name: **Adhesive Remover**
Product Type: Cyclic Ester (Proprietary)

Company: Novalash, Inc
Address: 6116 Skyline Dr. Suite 201, Houston, Texas 77057
Contact Info: Office: 1-866-430-1261 Fax: 713-621-5080
Hours: Monday – Friday 9a – 6p CST

Web Address: www.NOVALASH.com

2 - Composition:

Hazardous Component (relative %)

Organic Solvent (95100)

*The precise composition of this product is proprietary information. A more detailed disclosure can be provided to qualified Medical personnel as privileged information upon request.

3 - Hazards Identification:

Skin: Can cause skin irritation. Symptoms may include redness and burning of skin, and other skin damage. Passage of this material into the body through the skin is unlikely.

Eyes: Can cause eye irritation. Symptoms may include stinging, tearing, redness, and swelling.

Swallowing: If small amounts of this material are swallowed, it is not likely to be harmful. Swallowing large amounts may be harmful.

Inhalation: Breathing small amounts of this material during normal handling is not likely to cause harmful effects. Breathing large amounts may be harmful.

Signs of exposure: Symptoms of exposure to this material through breathing, swallowing, or direct contact, may include irritation of the airways, throat, eyes, and skin.

Cancer Information: This product is not listed as a carcinogen.

4 - First Aid Measures:

Ingestion: Ingestion is unlikely. Seek medical attention.

Inhalation: Move individual to fresh air. If symptoms persist, seek medical attention.

Skin contact: Flush with large amounts of water. If skin is damaged, seek medical attention.

Eye contact: Flush with water. Seek medical attention.

5 - FireFighting Measures:

Flash Point: >270F

Extinguishing Media: AR foam, water fog, carbon dioxide, dry chemical.

Fire or Explosion Hazards: Vapors can ignite explosively.

6 - Accidental Release Measures:

Soak up with vermiculite or floor absorbent.

7 - Handling and Storage:

Safe storage: Store away from heat and open flame, in a dry, well ventilated area. This product reacts slowly when exposed to air.

Handling: Keep container tightly closed. Avoid contact with skin. Avoid breathing vapors.

8 - Protective Equipment:

Skin: Wear resistant gloves, such as neoprene.

Eye protection: Chemical splash goggles.

Respiratory protection: Limit exposure. Local exhaust ventilation is recommended.

9 - Physical and Chemical Properties:

Appearance: Clear liquid

Odor: None

Boiling Point: >400F

Vapor Pressure: .030 mmHg @68F

Vapor Density: 1.0 (Air =1)

Evaporation rate: 1.0

Specific Gravity: 1.2 @68F

10 - Stability and Reactivity:

Stability: Stable

Hazardous Polymerization: None

Hazardous Decomposition: May form carbon dioxide and carbon monoxide.

Incompatibility: Avoid acids, air, strong bases, oxidizing reagents, reducing reagents.

11 - Toxicological Information:

No data.

12 - Ecological Information:

No data.

13 - Disposal Considerations:

Disposal procedures: Destroy by liquid incineration.

14 - Transportation Information:

DOT information: 49 CFR 172.101 (not regulated by D.O.T.)

15 - Regulatory Information:

US Federal regulations: TSCA, Section 311/312 Hazard Class40 CFR 370.2 (immediate)

CA Proposition 65: None.

16 - Other Information:
