

# INLINE L-CURL

## Features

The L-curl is shaped to create an upward, striking lash line

---

Soft, round base

---

Soft, tapered tip

---

## Advantages

Designed to give people who have straight, downward facing lashes the D-Curl look without the noticeable separation you would get with an actual D-Curl

---

The round base doesn't poke or prod the client's lid

---

Client's lashes will look natural and higher quality

---

## Benefits

Gives an extra pop and eye-opening look which is perfect for straight and downward facing lashes

---

The lashes feel more natural and comfortable

---

Clients will be happier with the natural beauty, which will result in referrals

---
