

NOVALASH FORCEPS

Features

Fine point and tips

Economy price with quality performance

100% stainless steel

Straight and curved design

Advantages

Designed to access hard to reach parts of the lash line with ease

Good for beginners or those who tend to drop their forceps

Able to withstand any method of sterilization

With two different shapes, artists have more mobility and can reach places they ordinarily couldn't

Benefits

Artists can separate and isolate easily due to the configuration of the forceps

Perfect choice for mid-range lashing forceps

Forceps will not rust

Curved tip can easily reach over the brow and allows easy access to the lash line
