

## Features

Pomegranate seed oil is the key ingredients

---

Specially woven lint-free pads

---

Glycol and carbonate free

---

3 in 1 product

---

## Advantages

Specifically formulated to use with NovaLash adhesives and services to enhance the quality and longevity of extensions

---

Will not catch or snag on the extensions or lash line

---

Ingredients will not compromise or breakdown the adhesive bond

---

Saves time and money by using one product to cleanse, condition and remove makeup

---

## Benefits

Provides better retention and long-term results

---

Improves lash health without the risk of damaging extensions

---

Designed to reinforce the adhesive bond without running the risk of harsh chemicals around their eyes

---

- Cleansing the lash line is important for eye health and hygiene
  - Conditioning the Platinum Bond adhesives is crucial for continued flexibility and retention
  - Effortlessly remove makeup with cleanLASH without compromising retention
-
