

Features

Compact and portable

Auto shut-off feature

3 ultra-fine misting settings

Advantages

Easy to travel with and to take on mobile appointments

Will not run continuously and waste battery life

Artists can customize the speed of the mist according to the client's needs

Benefits

Saves lash artists space in their tool kit and makes traveling easier

Lash artists get more uses out of it and don't have to remember to shut it off

Saves water by dispensing the precise amount of water needed to cure lashes
